## WEB & DIGITAL EXPERIENCE

**St. Gerard School Website** - Website administration, content publishing, information architecture, digital resources and ongoing maintenance.

**MCSAA - Manitoba Catholic Schools Athletic Association** - Website administration and web application development, including sports content, schedules/results, member-school information, digital forms, score-submission functionality, administrative tools, data integration and ongoing development.

Publish schedules, scores and standings using spreadsheets, CSV data and online forms. Designed and built a web-based MCSAA application with interactive features supporting sports information, schedules, results and member-school content.

Develop and maintain score-submission, user account/password, administrative and data-driven results functionality. Test, troubleshoot and refine application functionality and user experience, using AI-assisted development as part of the coding and problem-solving workflow.

## PROFESSIONAL EXPERIENCE

### St. Gerard School | Winnipeg, Manitoba | 1999-Present

Teacher - Physical Education & Health, Kindergarten-Grade 8

- Communicate with students, parents, colleagues, administrators and community members.
- Plan and coordinate programs, activities, events, schedules and deadlines involving multiple stakeholders.
